

## Of Local Interest.

All members of the W. C. T. U. are urged to be present Saturday, business of importance.

The nights have been delightful so far, and a fellow can sleep with as much comfort as during a windy sermon.

New coaches have been placed on No. 10 and 11, and Capt. Grove is as proud as a hen with one chicken. The old ones had become loose from being pulled over the Rowland branch at a mile-a-minute clip.

### Notice.

Next Sunday will be our regular monthly conference at the Baptist church. Let every member be present, if possible, with interest in his Master's cause. Lord what wilt thou have me do, is our inquiry. Pastor.

### A Big Improvement.

The painting of the court house is one of the biggest improvements of the day. Two or three coats will be put on, enough to protect the wood work. Charley Ball and Sam McMillen, the painters, are doing a neat job.

### Many, Many Thanks.

We are deeply grateful to the newspaper men for the many nice things said about the editor of The Record on his election as president of the Press Association, and trust we may some day be able to even up with the kind-hearted writers.

### The Tournament.

To give a detailed account of the Tournament would take more space than we have to spare, and we will only say that everything passed off pleasantly, the prizes were satisfactorily awarded and all went away happy. The Tournament furnished much pleasure for the public and those participating.

### Best of All.

The best of all will be the Crab Orchard Fair and Races July 27, 28, 29. A good band of music, plenty of shade, good seats and a warm reception awaits all visitors. The best horses in the state will compete in races and show rings, and you can count on the best show of stock to be seen in the South. You will make a mistake if you miss this great show.

### Judge Bell Here.

Judge W. C. Bell, of Harrodsburg, was in town for a few hours last week shaking hands with his many friends. Judge Bell is making one of the best judges this circuit has ever had, and his fairness, promptness and gentlemanly manners have made friends of all who have had the pleasure of making his acquaintance or who have business in his court. He is now holding court in Stanford.

### A Bum Day.

Monday was the sorriest court day known to Lancaster business men. Only a few people were in town, those hurrying home to their work. A few stragglers remained all day, but there was "nothing doing" in any line of business. The farmers are busy with their wheat, and, beside, most of them are always busy in recent years and lose no more time in town than is necessary. There were no stock sales of importance.

### Church Services for July.

Union services for July have been agreed as follows:

1st Sunday night in July, 7:45 p. m. Pastor Ellis, at Christian church.

2nd Sunday night, 7:45 p. m., Pastor Tindler, at Baptist church.

3rd Sunday at 7:45 p. m. by Dr. Pearce, at Presbyterian church.

Service on last Sunday night at Methodist church conducted by Pastor Chumbley, had good attendance and interest. Let all our people attend to make these services cordial, happy, helpful.

### Hotel Changes at Stanford.

The Journal says the Veranda hotel in Stanford, was closed Wednesday on account of ill health of Mrs. Collee. Messrs. Farris & Hardin, proprietors of the famous St. Asaph Hotel, have rented the building to be used as bed rooms. These gentlemen have built up a splendid reputation as hotel men and their constantly increasing business was crowding the house. Now, however, they have ample room, and if you want the best meal the market affords, or a neat, comfortable room stop at the St. Asaph and you will get all you are looking for.

### Don't Miss the Fair.

The Record would advise those contemplating taking in the big fair at St. Louis to go now. Everybody is putting off the trip until September, and that means a jam and rush, so go now and avoid the crowd. Everybody who can should go to this fair, for it will be many days before another will be held. While the attendance is quite large, yet there is plenty of room at the hotels and boarding houses, and a visit now will be much more enjoyable than later on. We frequently hear the remark, "I will wait until the fair is completed." That may be all right, but there is more there now than a person can see in six months' time, and if you want to see it all, go now and stay 'til closing day. The L. & N. and Henderson Route are making exceedingly low rates, and you can get a ticket right out of Lancaster for a very reasonable rate. See G. M. Patterson, the local L. & N. agent, who will give all details.

Through a mistake, Master Dan Elkin took a big swallow of corrosive sublimate Wednesday, and for a little while was in a precarious condition. Medical aid was quickly summoned and the little fellow's suffering allayed.

### Shaw-Hall.

Mrs. Ollie Gregory Shaw was married Tuesday evening at the home of her mother, near Point Leavelle, to Mr. Hall, of Winchester. Eld F. M. Tindler performed the ceremony. The bride, who is a most excellent and popular lady, has been connected with the telephone exchange in Winchester for some time, and now holds a lucrative position. The groom is manager of the Western Union Telegraph Co., in Winchester, and is a very popular man in his city.

### The Tournament.

The Kentucky State Tournament brought an immense crowd to town last week, and the youngsters had a most delightful time. The contests were quite spirited and very much enjoyed by the crowds who witnessed them. We wanted to give a list of successful contestants, but were unable to get a complete one. Notwithstanding the "warmth" of some of the contests, there was no dissent to speak of, and all went home happy. The young men in charge of the Tournament worked hard for its success, and are entitled to much praise for its able management.

### The Crab Orchard Fair.

Messrs. R. H. Bromough, president, and H. B. Wallin, secretary, of the Crab Orchard Fair and Racing Association, were here last week and left The Record office an order for many thousand string badges and other work for the big show July 27, 28, 29. They showed us where the best horses in the state had been booked, the races well filled and the show rings far ahead of any shown in Central Kentucky in recent years. The crowds increase each year, as the people become more convinced that the fair is run on honest principles, and a good show will be given regardless of pains and expense.

### W. A. Arnold Hurt.

Monday, while handling the rush of court day business, Mr. W. A. Arnold, the liverman, was kicked by a horse and painfully and seriously injured. Both heels of the animal struck him bruising his hand and leg and breaking two ribs on right side. He was taken home and his injuries dressed, but the suffering has been intense. Had he been a little further from the horse, he would have been instantly killed, but he was close enough to break the force to a great extent. His many friends are truly sorry of his misfortune.

### George O. Barnes.

Monticello Courier:—As foreshadowed, Bro. Geo. O. Barnes has made his advent into Monticello and is holding forth at the court house. Time has wrought some changes in the aspect of this remarkable man, but on the whole he carries his seventy-seven years with ease and grace. He seems to possess the same old fire that wrought upon his hearers with such effective force a quarter of a century ago. We note this change; he no longer relies on music as a force in the evangelistic work, and delivers his sermons sitting rather than standing. The absence of the soul stirring anthems as discoursed by Miss Marie accompanied by the "little mountain organ," and the willow, dramatic manner of the speaker, makes his meetings somewhat tame by comparison. We, however, welcome Brother Barnes in the name of the Lord! There are no demerits, demijohns, or "devil's picture books" belonging to your entourage, hence, we conclude that you are on the right side of human society; and while your speculative mind evolves some ideas touching God, Creation and Salvation that is past our comprehension, we acknowledge that the fault not to perceive them may lie in our own obtuseness rather than in your deductions.

### "Don't Be A Knocker."

If there is any chance to boom business, boom it, says an exchange. Don't pull a long face and look as tho' you had a sour stomach. Hold up your head, smile and look for better things. Hide your hammer, and try to speak well of others, no matter how small you may really know yourself to be. When a stranger drops in, jolly him. Tell him this is the greatest town on earth—and it is. Don't discourage him by speaking ill of your neighbors. Lead him to believe that he has at last struck a place where white people live. Don't knock.

Help yourself along by becoming popular, and push your friends with you. It's dead easy. Be a good fellow and soon you'll have a procession of followers. No man ever helped himself knocking other people down in character and business. No man ever got rich by trying to make others believe he was the only man in town, or the only man in town who knew anything. You can't climb the ladder of success by treading on other's corns. Keep off the corns. Keep off the corns, and don't knock.

You're not the only. There are others, and they have brains and know something as well as you. There's no end of fun minding your own business. It makes other people like you. No body gets stuck on a knocker. Don't be one. Be good.

### The Congressional Fight.

The district convention convened at Shelbyville Tuesday, to nominate a democratic candidate for congress. The contest from Garrard has cut quite a figure and, as this county seems the bone of contention, we give the following from the Louisville Times: Politicians admit that the situation is one of the most complicated that has presented itself in a political convention in Kentucky in years.

No candidate would be willing to throw his strength to either of the others if he could. If any one should attempt this, it is declared that the hindmost man would switch a sufficient number of votes to lock up things just as tightly as before. If a nomination is not made some time to day or to night, the opinion expressed by numerous politicians is that none will be made by the convention. Then, of course, it would be necessary to call a primary and the contestants, G. G. Gilbert, Harvey Helm and D. L. Moore say now that they will be starters.

The convention adjourned Tuesday after several recesses until Wednesday to await the report of the Committee on Credentials, which was delayed by contests. When the convention assembled Vernon Richardson, of Boyle, presented the majority report of the Committee on Credentials, which seated the Moore delegates from Garrard county, headed by Jas. I. Hamilton. A minority report was filed by Thos. I. Smith, of Madison, to seat the Helm delegation from Garrard. After considerable wrangling as to the procedure of the debate, Chairman Roach decided that the minority should present its case first and R. H. Tomlinson, of Garrard, took the stage and presented the minority report in a strong speech. The Garrard contest hinged on the East Park precinct. J. Mort Rothwell, of Garrard, made the argument for the majority report. The Helm men wanted James N. Denny, who presided over the Garrard county convention, to be heard. Chairman Roach said Mr. Denny was a witness before the Credentials Committee and should not be allowed to take the stand. Judge Hughes, for the Moore men, said he had no objection to Mr. Denny being heard, and the latter proceeded to describe what happened in the convention. He declared the Helm men had ninety-five men in the convention and Moore had seventy-seven. After a lively argument the minority report was defeated by a vote of 44 to 37 and the majority report was then adopted by the same vote. This seated the Moore delegation, while the unelected delegation was granted the privilege of the floor without votes. The determination of the Garrard contest gave Gilbert 35, Helm 29 and Moore 24 votes in the convention.

LATER. As we go to press (Thursday afternoon) nothing has been done, and the prospect for reaching a nomination is unchanged.

### The Right Spirit.

This office has just printed another big supply of envelopes for the Peoples Bank, of Paint Lick, the order requiring the work of a steam press for two days. The management of the Peoples Bank believe in having every thing done at home, that is, all work which can be done by their friends and customers they give to them. Mr. Kemper is known among business men as being very tasty and particular in selection of writing material, forms, etc., in fact he is by this like he is in all other business matters, right up to the minute. This spirit of standing up for Garrard county speaks volumes of praise for the Peoples Bank.

### IMPROVED TRAIN SERVICE.

Offered by the Henderson Route Between Louisville and St. Louis.

Commencing Sunday June 26th, Kentucky's popular line, the Henderson Route, will inaugurate a safe and fast day service between Louisville and St. Louis in each direction, and will improve the time and equipment generally of all trains between these points.

Three daily trains will be operated in each direction on the following safe schedules between Louisville and St. Louis:

Leave Louisville 8:30 a. m., 9:30 p. m. and 7: a. m. Arrive St. Louis 6:16 p. m. 7:20 a. m. and 6:16 p. m.

The equipment is brand new (just from the shops), of the most modern vestibule pattern and is as fine as on any train operating in or out of Kentucky.

The 8:30 a. m. train, through without change of cars, will be composed of Pullman Observation Parlor Cars, Free Reclining Chair Cars, Dining Cars and high back seat passenger coaches.

The Dining Cars on day trains will serve meals a la carte—you pay only for what you get.

All trains will leave from and arrive in the Seventh Street Union Depot, Louisville, arriving at and departing from the magnificent new Union Station, St. Louis.

In purchasing your ticket to St. Louis or to points west, ask the agent for tickets via Louisville and the Henderson Route. He will have them in stock and will be glad to ticket you that way.

### FINE WHEAT CROP.

Investigation Shows Crop To Be Far Above an Average, Though Average is Quite Small.

Farmers are busy cutting wheat. It turns out that the yield is splendid, considering the unfavorable signs early in the Spring. Many plowed under their crops and are now kicking themselves for doing so. Mr. H. A. Marksbury tells us the yield will average about half a crop in the county, and indications point to good prices. The Lexington Leader, after a careful investigation, says with a good season Central Kentucky generally produces a good crop of wheat, in many cases—though not on the average—from 25 to 40 bushels to the acre. But such years are exceptional now, though in the first half century of Kentucky's settlement it was quite common. This year proves to be a good one for the farmer, so far as the wheat crop and other small grain crops is concerned. We learn from the farmers that the average crop is the best in years. There is little or no complaint of the fly. The rain falls have been regular and opportune, and all conditions excellent. Cut worms were very bad in many sections, and would have done more damage had not corn planting been late and followed by good hot sunshine, which drives them into the ground. Here and there whole hemp fields were eaten up by them, but on the whole the hemp crop is good and past the danger point with a good stand. But wheat has grown right along, unmolested by pests, and matured finely. The ripening has, however, been about ten days later than usual, owing to the backwardness of the season, but the turn out is good and the grain fine, we are informed. Some of the farmers began harvesting last week, and this week, if the rain holds off, a great deal of wheat will be cut. Farm labor for this work is scarce, but the farmers are bending every energy to get their crops off the ground as soon as possible.

### No Fakirs Monday.

Not one fakir worked on the streets Monday. Usually a clothing man and a patent medicine fakir gull the people with a lot of trash and take away many dollars of the people's good money. Why people will buy from them is one of the wonders of the day. If you want clothing, deal with your merchants, who will make good any unsatisfactory sale, and if you want medicine, go to your druggists, who cannot afford to sell you anything but the best. Don't be gulled by the street fakir's smooth gab.

### "Lancaster Juvenile Band."

The above is the title of a brass band now being organized in this city, by the little boys, and the prospects for success are very flattering. Mr. Kelfer, who has charge of Conn. Bro's carriage and painting department, is an old band man of much experience, and he has kindly consented to teach the boys. They have several of the instruments, but have to buy some, and to do this they must hustle. An ice cream suppe: will be given in the park tomorrow (Friday) night, and the boys hope their friends will turn out and help give them a good start. The members are Bristow Conn. Arthur and Adolph Joseph, Thurston West, Allen Henry, Maurice Ashley, Dick Burnside, Virgil Kinnaird, Cosby Logan, Lige Ford and Ed Williams. Two or three others will be added.

Second-Class Mail Matter.

LOUIS LANDRAM.

Lancaster, Ky., July 1, 1904.

One of the most amazing things in connection with the burning of the big steamer, General Slocum is the fact that it seems in nowise to have affected the movements of pleasure seekers, or to have checked the crowding of excursion boats. Dispatches noted the passing of such boats by the wreck of the Slocum, one of them having on board 2,000 passengers. After the burning of the Froquies theater last winter theater attendance was lessened for a time all over the country, and in Chicago, even if the houses had not been closed, it would probably have been impossible to get a good audience together. Are New Yorkers more stolid or more reckless than the rest of the world?

The Republican National Convention wasted little time in selecting its ticket last week, Mr Roosevelt receiving every vote in sight, while Hon. Charles Warren Fairbanks, of Indiana, was nominated for vice-president in almost less time than it takes to tell it. There were a number of good speeches made, our townsman, Gov. Bradley, completely capturing the delegates with his speech seconding Roosevelt's nomination. The Democratic nominations will be made in a few days, and then the people will be burdened with political gab for the next five months.

The electric chair was adopted as a means of executing murderers on the ground that it was the least cruel method and because its swift action involved none of the horrors sometimes incidental to death by hanging. But what could be more horrible than the affair at Columbus, Ohio, last week, when the prisoner revived twice and death only came after the third shock? Such happenings go far to strengthen the sentiment against capital punishment.

It need not be assumed that the curriculum of the Texas college which means to make the Bible its principal text book will be in any way narrow. If all the lines of thought and investigation suggested by the Bible are followed up the education obtained may be truly liberal.

The Indianapolis Medical Society says that in order to keep well in hot weather, meats, vegetables and fruits are to be partaken of sparingly. It is hardly necessary to say this to people who do their own marketing, and the advice is equally unnecessary to people who board. The latter have no other choice than to eat sparingly.

The defense in case of the Indiana children who ducked their teacher in an icy pond last winter was that the act was performed in a spirit of fun. The fun probably seems less joyous to them now that their parents are called on to pay damages to the teacher.

A dying book agent at Chicago was found to be the possessor of \$12,934 in cash. We are not sure but that this is a story invented to invite better treatment of book agents.

The Tacoma, (Wash.) News remarks editorially: "Murder is always unpleasant and creates indignation." It is encouraging to note such progress in the ethical thought of the far west.

Crude oil, to be taken inwardly, is the latest widely advertised consumption cure, but—well, there are some worse things than consumption.

The doctors are again telling how dangerous are iced drinks in summer, but it is not noticeable that there is any decrease in the soda water trade.

The nomination of Mr Fairbanks has crowned Indianapolis as the city of vice-presidential candidates.

Many Lancaster friends extend congratulations to the parents and wish William, Jr., a long life of happiness.

Lexington Democrat:—Word has been received here that Miss Lillian Leavell, of Bryantsville, who attended the Conservatory of Music here last term, won the vocal contest for young ladies held at Lancaster, Friday evening. A large number of the towns of the blue grass were represented in this contest and the fact of Miss Leavell's winning reflects great credit, not only upon her splendid talent, but also upon the local institution, where she received much of her training under Prof. Oscar Ehrigott.

75th Mile Stone.

On Sunday, June 19th, a host of relatives and friends gathered at the hospitable home of John M. and Nancy Palmer, near Point Leavell, to enjoy their hospitality and join with them in celebrating the seventy-fifth anniversary of that noble old man, John M. Palmer. To those two, good, old people, fourteen children were born, and all of them have grown to manhood and womanhood except three. The eleven that are living are all married but one and all were with their father and mother on this day except one, and most of their grand-children and one grand child were present. They were sorry that Miss Lena Palmer, of Kirksville, their oldest grandchild, could not be with them, she being in Kansas City, Mo., visiting relatives and friends. The children present were Mr. and Mrs. Palmer, of Lexington, Mr. and Mrs. Robert Palmer, Mr. George Palmer, Mr. and Mrs. Wm. West, Mrs. Emma Higginbotham, Mr. and Mrs. H. T. Traylor, Mr. and Mrs. M. Johnson, of Lincoln, Mr. and Mrs. F. F. Burke, of Boyle, and Mrs. H. H. Hines, of Nebraska, her husband not being able to be there, their friends were Mr. Lowdes and son, Mr. John Anderson and Mr. and Mrs. W. P. Prewitt. A delightful day was spent with those good old people and will long be remembered. A most elegant and sumptuous dinner was enjoyed. It was late in the afternoon when the guests took their departure for their respective homes, feeling that another day in the cycle of time had been delightfully spent, and may those two good, old people be permitted to live many more happy years.

The high point for Kentucky cattle was reached last week, when Joseph Landauer, of Missouri, sold 600 head of mated cattle to the beef trust at 51c per pound. The sale was made to Louis Pelzer and Tom Goss, of Louisville, the cattle were shipped to the various packing plants of the trust in Chicago, Kansas City, Omaha, and other cities. The 500 cattle weighed 550,000 pounds, an average of 1,300 lbs to the head. The cattle were all fed at the distilleries around Louisville, and were probably the best that have been shipped from the State this year.

Mr. Landauer, who lives in the West, has been dealing in Kentucky sloped cattle for three years, and each year he has sold the lot that brought the top of the market.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by Frisbie's Drug Store.

Three months after marriage a woman tries to swap her romantic novels for a cook book.

One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets.

I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these Tablets.—P. M. Shore, Druggist, Rochester, Ind. The pleasant purgative effect of these Tablets makes them a favorite with ladies everywhere. For sale by Frisbie's Drug Store.

Divorces are so common now that they are no longer considered good theatrical advertisements.

Cured of Chronic Diarrhoea After Ten Years of Suffering.

I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by Frisbie's Drug Store.

# AT A GLANCE

The eastern throws its dim light only just far enough for one step. But as only one step at a time can be taken that little circle of light is large enough to walk in. It may seem to be slow progress, but it is sure progress, nevertheless.

People who are sick with lung disease cannot be blamed for the desire to get well quick. But even on the road to health we can only take one step at a time.

Sufferers from lung "trouble" who have been cured by the use of Dr. Pierce's Golden Medical Discovery testify that with each day's use of the medicine the progress to health is marked. The cough lessens, the hemorrhage stops, the body gains in flesh and the strength grows measurably. Dr. Pierce's Golden Medical Discovery cures obstinate coughs, bronchitis, bleeding lungs, emaciation and other diseases which if neglected or unskillfully treated terminate fatally in consumption.

"In 1900 my husband had a severe cough and also neuralgia," writes Mrs. Bettie E. Payne, of Kiel, Okla. "For nearly three years his cough was so bad he could not lie down at night. He got no relief from the doctors we employed, so he purchased two bottles of Dr. Pierce's Golden Medical Discovery, and took a tablespoonful every two hours. After the first four doses we could see that his cough was better, and he rested fairly well that night. The doctor said it was consumption—if it was, the two bottles of Dr. Pierce's Golden Medical Discovery cured him, nothing else did. We thank Dr. Pierce for what his medicines have done for us, and we can recommend them and feel that we are recommending something that will cure, if used according to directions. I have recommended them to three of my friends, and with good results."

This remedy is certain to be needed in almost every home before the summer is over. It can always be depended upon even in the most severe and dangerous cases. ## All That Hangs Over.

Some people seem to be slow to learn that all of a tree and all the fruit it bears over another lot belongs to the man over the line just as completely as if the tree stood over on his land. This is not only statute law of every State, but is just and right. All that extends over the line, root and top, belongs to the man that owns the land. He may if he chooses cut away all the roots that extend through on his land. From time immemorial this has been the law. All reasonable men can see the justice of it. All honest men can see the import of it and will approve the law.

The foregoing is the law as a National Stockman writer understands it.

The Georgetown News states that the tobacco merchants of that city who recently sold to the Continental, on delivering the weed, as it is in summer order, they find that there has been a big decrease in weight, a disappointment to the seller.

## Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Goldberg, of Colusa, Cal., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by R. E. McRoberts, Druggist. 1m

## Choking Catarrh Cured.

Your Money Back If Hyomei Does Not Cure You

"Use Hyomei and be cured of catarrh," is what all who have tried it for that disease say to their friends. It is the easiest thing in the world to stop catarrh at its beginning if you use Hyomei. Just breathe the healthgiving, balsamic air for a few minutes and your catarrh will be cured.

In this city and neighboring towns, there are hundreds who can testify to the remarkable power of Hyomei to cure catarrh. Many of the staunchest friends of this remedy to-day began its use with little hope that they would be cured, but as R. E. McRoberts offered to refund the money if it did not cure, they decided to try it on that plan, and were soon restored to health.

Sheep dogs are thus trained in Texas. A pup is taken from its mother before its eyes are open and put to a ewe to suckle. After a few times the ewe becomes reconciled to the pup, which follows her like a lamb, grows up among the flock and no wolf, man or strange dog come near the sheep, and the dog will bring them to the fold regularly at any hour in the day at which he is fed.

Few people realize how much agriculturalists lose annually from the depredations of insect pests. It is estimated by government officials that the cotton boll weevil destroyed last year \$15,000,000 of cotton. The potato beetle cuts of \$10,000,000 yearly from the potato crop. The cotton worm has caused a loss of \$30,000,000 in a year. And in some years the Rocky Mountain locust has eaten up crops to the amount of \$155,000,000.
